PROJECT SUMMARY/ABSTRACT

Limit: 30 lines

State the applications' broad, long-term objectives of the use of the requested equipment, the critical need for the equipment and how the equipment will contribute to the research environment of other investigators and students at the institution.

PLAN FOR USE OF REQUESTED EQUIPMENT (Two-page maximum)

The proposal should focus on how the equipment will benefit the research environment for the investigator as well as other users and students. Describe the justification for choosing the specific equipment, management, scheduling, maintenance, repairs, and warranty.

QUOTES AND ADDITIONAL INFORMATION

Quotes are required. Other additional information may be included, if applicable (e.g., institutional commitment, installation costs, maintenance contracts, warranties, operating personnel, supplies). One page maximum for additional information.

FACILITIES AND OTHER RESOURCES

Describe how the scientific environment in which the research will be done contributes to the probability of success (e.g., institutional support, physical resources). There is no page limit for this section.

PRIOR OK-INBRE FUNDING

If the applicant has received prior OK-INBRE Equipment Grant funding in the past 10 years, briefly describe the progress and any outcomes achieved for each award (e.g., manuscripts that were submitted or published, grant applications submitted and funding outcome and students mentored or trained under the prior awards). There is no page limit for this section.

BIOGRAPHICAL SKETCH

Include a NIH biosketch (non-fellowship) for the Principal Investigator. Be sure to utilize the current NIH format:

[Biosketch Format Pages, Instructions and Samples | grants.nih.gov](https://grants.nih.gov/grants/biosketch/).

GRANT APPLICATIONS

Provide a list of grant applications submitted by the investigator in the past three years and funding outcome(s).

SUPPORT LETTERS

OK-INBRE can support non-tenure track or consecutive-term faculty with a justification/letter of support from the Departmental Chair that the institution has provided resources (e.g., startup funding, independent lab space, protected time for research) for the faculty member to successfully carry out the project.

Letters from other potential users are allowable.

Letters of commitment from other funding sources are allowable.

BUDGET

The budget form is located on page 5 of this application.

APPENDIX

AN APPENDIX CONTAINING OTHER MATERIALS, DATA OR INFORMATION IS NOT ALLOWED.

BUDGET - PRINCIPAL INVESTIGATOR INSTITUTION

The budget period is 5/1/2022 – 4/30/2023

Maximum direct cost is \$25,000

EQUIPMENT

Provide the cost and type of equipment requested.

BUDGET JUSTIFICATION

Use the budget justification to provide additional information for the equipment requested and any other information to support the budget request.
